

Bicycles at junctions, **do not** cross a red!

At junctions with
this type of sign,
you can pass the red
light to go right or
straight ahead.

B22 - B23

BRUSSELS MOBILITY

BRUSSELS REGIONAL PUBLIC SERVICE

CROSS A RED...

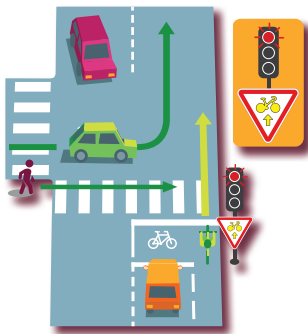

but be careful and give way to other users!

Crossing a red light is only allowed at signals with the B22-B23 sign and is not allowed at all junctions.

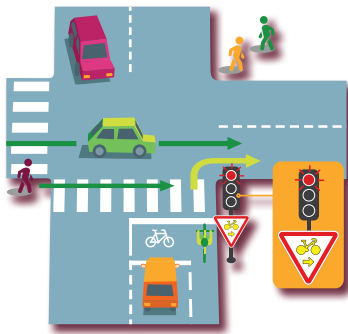

Reminder of priorities

- When the pedestrian light is green, pedestrians have priority over cyclists.
- When approaching a junction with these signs, slow down and give way to vehicles coming from the left and to pedestrians before continuing straight or turning right.
- Motorists and motorcyclists are not affected by these signs.

T-junction:
authorisation to go straight

Crossroads:
authorisation to turn right
