Protect your bike

- **Always** lock your bike.
Even when you are away for a brief time in your garage, cellar or house.
- Fasten your bike onto a **fixed and solid object** (a bicycle parking rack, a fence, etc.).
- First fasten the **bike frame** and if possible your front wheel.
- Use a **solid lock**, preferably a U-lock.
- Make sure the lock does not lie on the ground or on the kerb.
- Avoid deserted places and places hidden from view.
- Remove all valuable and easily detachable items from your bike.
- Remember to register your bike on **mybike.belgium.be**

These tips lower chances of your bike getting stolen by 90%.
